H2: **Have you always wanted a professional photograph of your dog?**

Would you like some marketing images which help you stand out from the crowd?

Or do you need a photograph of yourself, but hate being in front of the camera?

H3: We have the solution.

Body: Renowned dog photographer, Nicki Cameron, from The Art of Dog Photography <Link: <https://theartofdog.co.uk/>> will be at The Business Village on Friday 23rd June 2023. She's taking bookings for six dog owners and their pet to be part of an exclusive photoshoot.

H2: **What's included?**

Body: You can choose whether to have your photoshoot in an office, or outside in our grounds. The cost will be £75 and includes the following:

- **1-1 photoshoot:** 30 to 40 minutes dedicated time with Nicki

- **Five fully edited images:** suitable for use on social media
- **Marketing content:** images which are full of personality and perfect for marketing your business
- **Upgrade option:** print-worthy shots, suitable for your wall, available at an extra cost

H2: **Who is the photoshoot for?**

Body: Including your dog in a photoshoot can be a brilliant distraction and result in a natural looking image. It's perfect if you hate being in front of the camera. Or when you have no idea where to look or what to do with your hands.

The photoshoot is also a great way to get some high-quality images of you and your favourite four-legged friend. You may simply want a picture of your dog. Or, you may choose to have a few images which will give your business personality and pzazz.

People often remember pictures of dogs more than the human beside them. So, having a pic of you and your dog on your website or social media account can make for a memorable image.

But if you'd simply like five fabulous frames of your furry friend, that's ok too.
